PURE DRUG DISPENSER

At the Dixie tonight.  
About one-half of the smokestack on the cotton compress was blown off yesterday by the rather strong wind which came up in the early part of the afternoon. The damage will be repaired as soon as possible.

There will be a meeting of the Elm Feather Club Monday, May 11, at 4 p. m., at the Cotton Exchange room, to act on new applications and such other business as may come before the club. W. E. Saunders, president. H. A. Burger, secretary.

### LET CONTRACT FOR WELL.

City Will Supplement Water Service With Another Well.

A special meeting of the city council was held yesterday afternoon at 4 o'clock for the purpose of considering the bids for a deep well to be drilled for the city of Bryan. The contract was let to Fred Standard of League City, conditionally. Mayor Harris and the city engineers were placed on a committee to make arrangements with Mr. Standard for drilling the well. The well is to be eight inches in diameter and to be not under 150 feet nor over 200 feet deep.

The Eagle was informed by Alderman Haswell that the new well will be drilled in the neighborhood of the colored school, where there is an abundant water supply. The water will be raised by a pump operated by electricity.

### "MOTHERS' DAY" AT A. & M.

"Mothers' Day" will be fittingly observed at the A. & M. College Sunday. Young ladies of the college campus and Bryan will pin white flowers on the wearers of cadet gray and special services will be carried out at the morning hour. Rev. R. M. Worsham of Austin will preach to the cadets on "Mothers' Day."

Fresh American cheese.  
AT HARDY NEWTON'S.

### HOW CATTLE SHRINK IN SHIPMENT

In the current issue of Farm and Fireside appear the following government figures on cattle shrinkage:

"After weighing 19,000 cattle in 265 shipments, government experts have concluded that the normal shrinkage of cattle in shipment is from three to six per cent. There are exceptions to this rule, and no one can say before-hand just how much cattle will shrink in going to the market. It depends on the treatment of the cattle, the length of time they are held without feed or water, the nature of their feed before loading, the character of the trip to market, the distance shipped, and the time of arrival.

"The shrinkage of the first twenty-four hours is greater than for any subsequent twenty-four hours. Steers generally shrink a little less than cows of the same weight. Fed cattle and range cattle shrink about equally. There is no way to prevent shrinkage, but careful handling and good feeding will keep it within reasonable bounds.

"One of the chief causes of heavy shrinkage is a too severe drive to the loading pen, especially during hot weather."

### GOOD PIANO FOR SALE.

We have in the vicinity of Bryan a splendid new upright piano (factory sample), with nice stool and scarf to match, and rather than ship back, we will sell at a sacrifice and on any reasonable terms.

This is a chance for somebody to get a mighty nice piano at a very low price. Write at once to THE LEYHE PIANO CO., Waco, Texas.

COMING, THE LAMB, THE WOMAN, THE WOLF

### HENRY L. FLOYD BURIED IN MADISONVILLE SATURDAY

The remains of Mr. Henry L. Floyd, who was killed at Walsenburg, Colo., Tuesday, April 28, were brought to Madisonville Saturday for interment.

Mr. Floyd was employed as an electrician in a garage in Walsenburg at the time of his death. On Tuesday evening, as was his custom, he went out for a ride on his motorcycle. Preparatory to starting, he was asked by a young girl who lived where he boarded to allow her to accompany him on this ride, and her request was granted.

They had ridden out about five miles and were about four miles out from Walsenburg on their way back when they were fired upon from ambush at a distance of about six hundred yards. Two shots were fired, one scraping the top of the cap worn by the girl and the other striking Floyd, killing him instantly. Due to the fall of the motorcycle, the girl was stunned, and when she regained consciousness she found the striking miners, who did the shooting, looting Floyd's body. They took all the money he had on his person and also took his watch. The girl was sent back part of the way to her home by the miners. As soon as the report was carried in by her of the killing soldiers were sent out and brought back the body into town.

Mr. Floyd leaves to mourn his untimely death a widow (formerly Miss Lina Shannon) and one child about two years of age.

The funeral services were conducted by Rev. J. E. Morgan at the Methodist Church Saturday morning and interment was made in the City cemetery. —Madisonville Meteor.

### BIG CROP DAMAGE AT TABOR.

W. L. Closs of Tabor was in the city today. He stated the rain of last Saturday night was the most destructive that section of the county has ever known. The creek bottom farms were literally torn to pieces and the crops of both corn and cotton will have to be planted over. He also stated that much cotton on the uplands was so badly washed and beaten into the ground that replanting would be necessary.

### INSPECTED THE EXPERIMENT STATION

Dr. W. H. Beal, chief of the editorial division of the office of experiment stations, United States Department of Agriculture, Washington, left College Station today after a three days' inspection of the Texas station located at the A. & M. College. During his stay here Dr. Beal inspected the work of the station and audited the books of the two Federal funds, the Hatch and Adams funds.

Dr. Beal expressed satisfaction with the way the work is being conducted at the Texas station and paid Director Youngblood and Auditor Felker an especially high compliment for the manner in which the books of the station are kept. The accounting system in use at the Texas station is better than any he has seen at any station, said Dr. Beal.

### JOINT PICNIC AT RYE.

The rural schools at Parker and Rye closed yesterday with a joint picnic given at Rye. A large crowd attended the picnic and all enjoyed themselves very much. A large number went out from Bryan. A fine dinner was served by the good ladies of the community. The crowd was dispersed just after dinner by a rain, which somewhat interfered with the pleasures of the day. The Rye school was taught this session by Mrs. Tom Peyton of Benchley and the Parker school by Miss Dolores Thibodeaux of Harvey. Good work was done this session in both schools, for which the teachers deserve much praise.

Flowers for Mothers' Day and Memorial Day Sunday, May 10. Carnations and roses, red, white and pink. Easter lilies, calla lilies, sweet peas, daisies. Order now. Scott Floral Co., Navasota, Tex.

### NEW TAILOR SHOP.

Mr. Frank Zuhls has severed his connection with the firm of A. M. Waldrop & Co., and gone into business for himself. He will be located next to the telephone office and his place of business will be known as the New City Tailor Shop. Phone him your order or call in person and you will receive courteous and prompt attention. Give him a trial order and be convinced of the satisfactory work he can do.

### RIVERSIDE SCHOOL CLOSED.

The rural school at Riverside was closed yesterday with a picnic. A large number of people were present to enjoy the fine dinner which was served. Quite a number from Bryan were present, among whom were three or four of the candidates for county offices. The Riverside school was taught this session by Prof. George Powers, who gave entire satisfaction to the patrons and trustees of the school.
